Friday May 30-

Pizza Day

EQAO Day #2

All Saints Track and Field Rain Date

1 - We're excited to announce our very first **Krispy Kreme Drive-Thru Fundraiser** at All Saints! Treat yourself to a dozen of Krispy Kreme's famous Original Glazed donuts for just \$15.00 — that's \$1.00 less than in-store pricing. Even better, you can pick them up **right in front of the school** just in time to celebrate **National Donut Day** the very next day!

Pre-orders open Monday, May 12th through School Cash Online and will close on Monday, May 26th.

Pick-up details:

PLocation: In front of All Saints

Date: Thursday, June 5th

Thank you for supporting our school as we Raise Some Dough!

All Saints Track and Field Day

On Monday May 26, the Grade 4-8 students will be participating in our school track and field day. Students will participate in 8 stations throughout the day (100m, 200m, 400m, 800m races; Triple Jump, Long Jump, Shot Put and a rest station). Students will need to come to school prepared with comfortable athletic wear appropriate for the weather, a hat, sunscreen and water bottle. In the event of rain, our Track and Field event will be postponed to May 30.

If you **DO NOT** wish for your child to participate in Track and Field or in a particular event, please send a note to your child's classroom teacher.

Fire Prevention Presentations

On Tuesday May 27, the Mississauga Fire Public Education Team is thrilled to be returning to All Saints Catholic School to share important fire safety knowledge with our students. There will be two presentations in the morning to share fire safety and prevention tips to our school community.

EQAO Assessment Grade 3 & 6

EQAO (Education Quality and Accountability Office) is a provincial agency in Ontario, Canada, that assesses student achievement in reading, writing, and mathematics at key points in their education. It provides data to help improve student outcomes across the province and is responsible for the provincial assessment program.

The students in Grade 3 & 6 at All Saints will be completing the EQAO assessment from May 29 to June 6. There are 8 subsections that students will complete throughout the assessment. There are four language components and four math components. All Reading and Math components are completed on a device. The writing components are completed on paper for the Grade 3's and on the computer for the Grade 6's. Students will complete one or two subsections each day throughout the assessment window, approximately an hour per day. Grade 3 French Immersion Students will complete the Language subsections of the assessment in English and the Math Subsections in French.

Prior to the formal assessment, all students will complete a practice assessment through the EQAO technology platform to help familiarize the students with the format and types of questions that will be asked. Following the 8 subsections, all students will also complete a questionnaire.

All students writing the EQAO assessment will complete the testing in their regular classroom supported by the classroom teacher. Students who receive Special Education Resource Support

will have the opportunity to write the assessment in the resource room with access to their regular resource tools to access the curriculum.

As we have many split classes at All Saints, the students in the other grade of a Grade 3 or 6 split class will be dispersed to other classes while the students are writing the assessment. Regular programming involving independent work activities will take place for those dispersed students.

Students completing the assessment are asked to get a good night's sleep, bring a healthy crunchy snack to eat before the assessment and a water bottle.

Jump Rope for Heart

We had an amazing Jump Rope for Heart Event at All Saints this week. We are continuing to accept donations until **May 28**.

Please use the school link to create your own fundraising page.

We have raised \$2,500. We are hoping to reach our goal of \$3,000! Every little bit helps.

Thank you for your continued support.

Upcoming Events

JUNE

June 2: ECO Audit ~ ECO Team (Virtual Session) 12:00pm

June 3: Boys Softball Tournament ~ Dunton Park

June 27: Last Day of School

Important Information

Tick Awareness and Lyme Disease

With the arrival of warmer temperatures and more time spent outdoors, we wanted to remind you how to protect yourself and your loved ones from Blacklegged Ticks, which are native to our region, live in wooded areas, tall grasses and bushes, and may carry Lyme Disease. In this regard, we encourage you to read the attached fact sheet from Health Ontario which indicates how to prevent tick bites when outdoors. Thank you for your attention to this matter. As always, if you have any questions or concerns, please do not hesitate to contact me.

Ticks & **Lyme Disease**

How to prevent tick bites when outdoors

Blacklegged ticks that may carry Lyme disease live in wooded areas, tall grasses and bushes. Protect yourself:

- · Wear light-coloured clothing. It makes ticks easier to spot.
- · Wear closed footwear and socks and a long sleeve shirt tucked into long pants. Tuck your pants into your socks.
- Use an insect repellent containing DEET or icaridin on clothes and exposed skin. Always be sure to follow the manufacturer's directions
- Check for ticks on your body, paying special attention to the groin area, belly button, armpits, head and behind ears and knees. Use a mirror to check the back of your body or have someone else check for you. Don't forget to check for ticks on your children and your pets.
- Take a shower as soon as you can after being outdoors to wash off any ticks that may be on you.
- · Kill any ticks that might be on your clothing by putting your clothes dryer on high heat for at least 10 minutes before washing them.

How to remove a tick

- 1. Use fine-tipped tweezers to grasp the tick as close to your skin as possible. Do not use your fingers.
- 2. Pull the tick straight out, gently but firmly. Don't squeeze the tick and don't ierk or twist the tweezers while pulling the tick out.
- 3. Once you remove the tick, wash the area with soap and water and then disinfect the area and your hands with rubbing alcohol or an iodine swab
- 4 Put the tick in a secure container (for example, a bottle with a screw top) so it can't get out or be crushed and contact your local public health unit.

Do not use a lit match or cigarette, nail jelly, liquid soap or kerosene to remove

If you have pets

- · Check your pets' skin after being outdoors and remove any ticks you
- Remove a tick from your pet using the same steps that you would follow to remove a tick from yourself.
- Ask your veterinarian about options to help keep ticks off your pets.

Lyme disease signs and symptoms

Pay attention for signs & symptoms of Lyme disease. Signs & symptoms can include:

- · Expanding skin rash (remember many people never aet to see a rash)
- · Fever
- · Chills
- · Headache
- · Stiff neck
- · Muscle aches and joint pains
- Fatigue
- · Swollen lymph nodes
- · Spasms, numbness or tingling
- · Facial paralysis

Most symptoms of Lyme disease in humans usually appear between 3 and 30 days after a bite from an infected blacklegged tick. You should contact your local public health unit or speak to a health care professional right away if you have been somewhere that ticks might live and experience any of the symptoms listed.

Treating Lyme disease

Your healthcare provider may diagnose you with Lyme disease depending on your signs, symptoms and risk factors.

Laboratory testing is not always required to diagnose and treat Lyme disease infection.

Most cases of Lyme disease can be treated successfully with antibiotics.

MISSION SPONSORS:

Catholic School Council

We have completed all of our CSC meetings for this school year. I would like to thank our wonderful parents who have supported All Saints throughout the year and have helped make All Saints a wonderful place to work and learn. Their incredible fundraising initiatives have helped to refresh our Library, purchase new folding tables for the school, supported school initiatives such as the Art Show and Graduation, in addition to exciting events such as Pancake Tuesday. These opportunities would not have been possible without the overwhelming support of the entire parent community.

We are looking forward to another fantastic year for 2025-2026.

Virtue for May

Each month we celebrate a virtue. The Virtue for May is Acceptance.

"Do not judge, and you will not be judged; do not condemn, and you will not be condemned. Forgive, and you will be forgiven; give, and it will be given to you." (Luke 6:37)

Elementary: God wants us to make friends with everyone no matter how different they may look or act.

The virtue of ACCEPTANCE means we accept ourselves and others just the way we are. God created all of us in His image, and God does not make mistakes. Being a part of God's family means that we love and welcome everyone just the way Jesus did. Sometimes we find ourselves in situations where it is easier to follow the crowd than to stand up for what we know is right. However, Jesus wants us to accept everyone even when it is hard.

An accepting person is...

- willing to treat everybody as a member of a group
- non-judgmental
- welcoming to those different than himself/herself
- loving and happy with who he/she is

Our Daily Prayer for May

Let us now pray ...

for the virtue of acceptance

the strength to trust that God is at work

in everyone's life despite what we think.

AMEN

Peel Public Health

Did you know yearly eye exams are free for children ages 0-19?

Treatment of eye problems is most effective before the age of five. Book your child's eye exam today.

findaneyedoctor.ca

What you'll find in this edition:

For Parents and Guardians

- · Measles in Ontario
- · Good Oral Health Habits start early

Measles in Ontario

For Administrators, School Staff and Parents/guardians

Measles cases are rising in Ontario and worldwide. Symptoms include fever, cough, red eyes, and a rash. Measles can cause serious health problems like pneumonia, brain swelling and even death.

The best protection is vaccination. Make sure your family is up to date, especially before traveling. Talk to your doctor to get vaccinated and protect your family with other important vaccines.

Stay home if you're sick

Make sure you or your child has no fever and feels better for at least 24 hours (48 hours if they had nausea, vomiting, or diarrhea). If you or your child still has a cough, runny nose, or other respiratory symptoms, protect others by wearing a tight-fitting mask for 10 days after symptoms begin, especially in public places and at gatherings.

If you have health questions:

- Call Peel Public Health at 905-799-7700 or 1-888-919-7800 (toll-free).
- Call Health Connect Ontario at 811 (available 24/7 in multiple languages).
- · Talk to your healthcare provider.

Good Oral Health Habits Start Early

For Parents/Guardians with students up to Grade 5

As a parent, you have a key role to play in supporting your child's oral health.

Are you finding it hard to get your child to brush their teeth? Make toothbrushing fun in your house! Try these tips:

- · Use a monthly brushing chart.
- · Use a two-minute timer.
- · Pick a fun new toothbrush for your child.
- · Play your child's favourite song while they brush.

mage Description; A mom and child smiling

Let your child watch you brush your teeth to help teach them good oral health habits. A healthy smile is a happy smile! Oral health is an important part of a child's overall health.

Encourage your child to:

- Brush teeth at least two times a day for two minutes each time. Floss every day.
- · Visit a dentist regularly.
- · Choose healthy food. Drink water.

For more information, visit the Canadian Dental Association.

Contacting STOPR Check your eligibility for next year First Time Rider Program

Another school year is quickly coming to a close, and STOPR would like to take this opportunity to wish everyone a safe and enjoyable summer!

Contacting STOPR:

Our office is open all summer long and parents can still reach us at: (905) 890-6000.

We encourage parents to follow us on X @STOPRinfo and monitor our website www.stopr.ca for important transportation information, updates and more.

STOPR Route Planning for the 2025-26 School Year:

STOPR staff will be working throughout the summer preparing bus routes for September.

Bus information will be available online the week of August 25, 2025. Create an account on STOPR's Parent/Student portal at www.stopr.ca to view your transportation information.

Check your eligibility for next year:

Please remember that transportation eligibility distances change by grade level.

Kindergarten to Grade 1: 1.0 kilometres 1.6 kilometres Grades 2 to 4: Grades 5 to 8: 2.0 kilometres Grades 9 to 12: 3.8 kilometres

Parents should check their eligibility at www.stopr.ca yearly, and especially when their children are graduating from:

- Grade 1- going to grade 2
- Grade 4- going to grade 5
- Grade 8- going to grade 9

For more information please check our eligibility procedure which can be found on our website at www.stopr.ca

If your child is eligible but will not be using the bus in the 2025-26 year, please contact your school and OPT-OUT of bussing.

First Time Rider Safety Program Saturday August 23, 2025

This informative and fun safety program is designed to familiarize young children, their parents and caregivers with school buses, and school bus safety.

Our safety program is designed to be inclusive and students of all abilities are welcome.

Each 1 hour session includes a safety video, a bus ride and on board instruction.

Sessions run every 30 minutes from 9:00 am to 12:00 noon on Saturday August 23, 2025 at selected school locations listed on the following chart.

STOPR encourages you to participate by bringing your kindergarten/elementary aged children to our First Time Rider Safety Program.
